

Electric Standing Desk 60x30 with TechTrack™

vari.®

BUILT IN BRILLIANCE

Keep your desk as dynamic as your workday with the integrated TechTrack™ system. Enjoy tool-free accessory installation, plus ¼"-20 mount compatibility makes it easy to attach cameras, boom mics, and more.

INNOVATIVE EDGE

The desk's front ComfortEdge™ slopes softly downward, creating comfortable rest points for forearms, elbows, and wrists.

SWIFT SETUP

With the slide-and-lock leg assembly, this desk assembles in minutes. It's easier than connecting to a new Wi-Fi network.

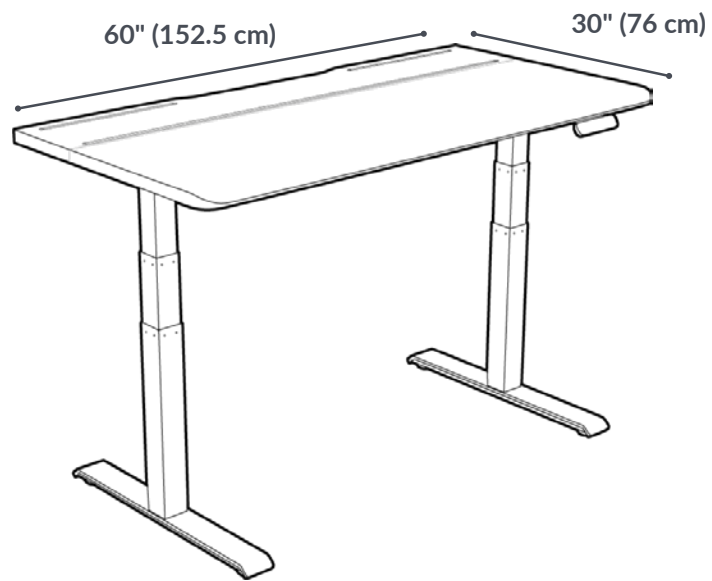

Electric Standing Desk 60x30 with TechTrack™

PRODUCT DETAILS

- **Integrated TechTrack System** – Seamlessly built into the desktop to keep your workspace organized and ready for add-on accessories—no tools or clutter required.
- **Included Accessories** – TechTrack Phone Holder and Shelf are included; additional TechTrack accessories like the Laptop Stand and Tablet Stand are sold separately.
- **Universal ¼"-20 Mount Compatibility** – Easily attach cameras, boom mics, and other accessories with standard industry sizing for a setup that adapts to your needs.
- **Durable 3D Laminate Finish** – Easy to clean, built to resist scratches, stains, and daily wear.
- **Ergonomic Comfort** – Contoured front edge softens pressure points for forearms and wrists during long work sessions.
- **Built for Strength** – Solid one-piece frame and 1¼" commercial-grade desktop provide lasting stability and support.
- **Seamless Adjustability** – 4 programmable height settings and an industry-leading 25"-50½" range make transitions effortless.
- **Clean Cable Management** – Rear indentation keeps cords organized and tidy.
- **Reliable Performance** – 200 lb weight capacity easily supports your monitors, accessories, and work essentials.
- **Simple Assembly** – Pre-drilled components and a solid frame design make setup straightforward and frustration-free.
- **Made for Real Workspaces** – A clean, professional look and commercial-grade build ready for home or office use.
