x1
5MM ALLEN KEY

x4
 $\frac{1}{4}$ " X $1\frac{3}{4}$ " SCREWS

x2
 $\frac{1}{4}$ " X $1\frac{1}{4}$ " SCREWS

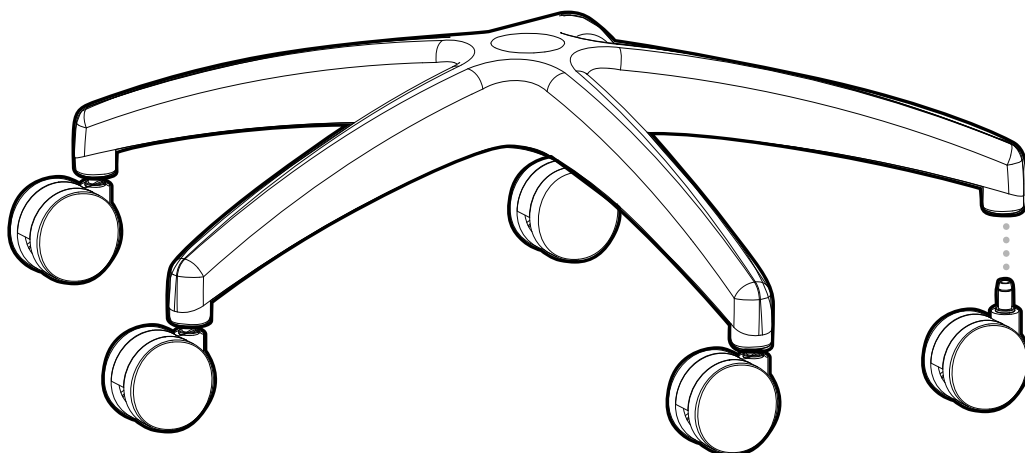

x8
 $\frac{1}{4}$ " X 1" SCREWS

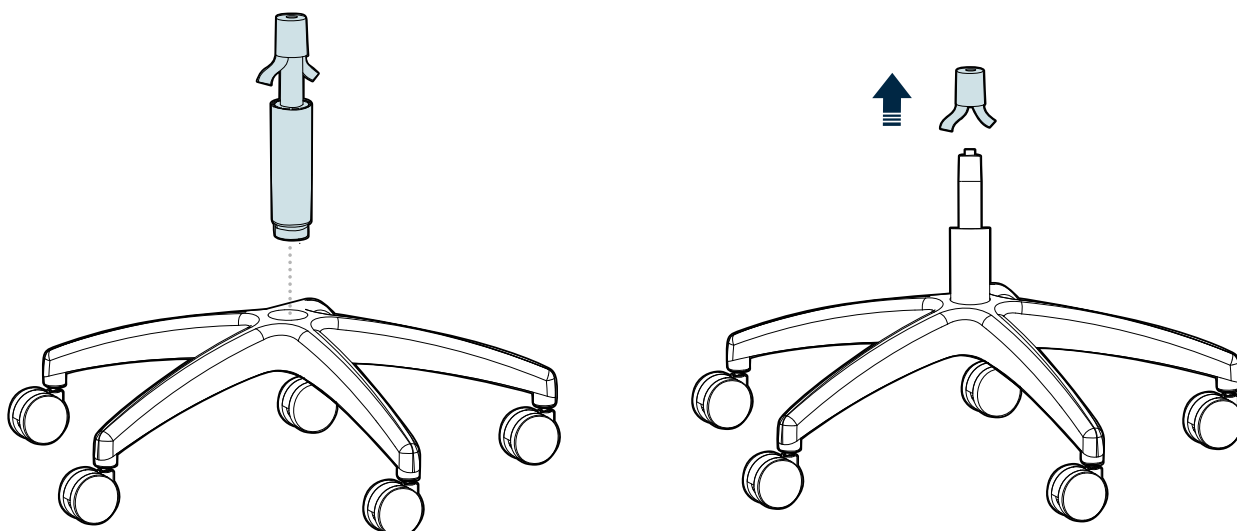

x14
16MM X 6.5MM X 1MM
WASHER

1

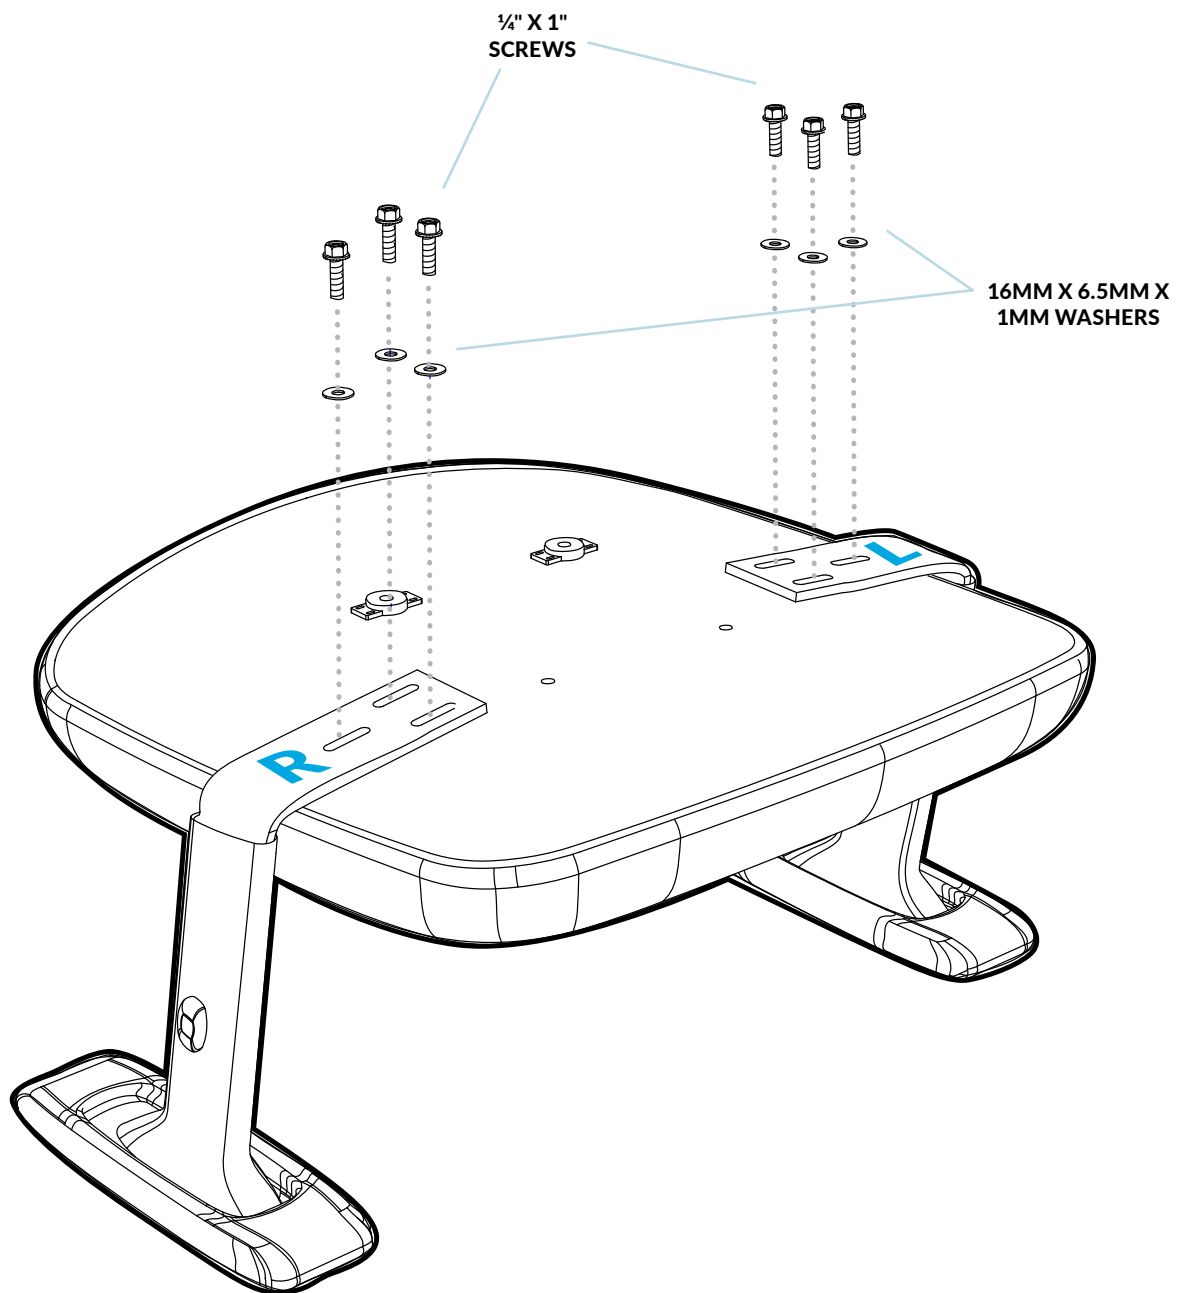

Insert the five **CASTERS** into the **CHAIR BASE** until they snap into place. Once attached, flip the base over.

2

Lower the larger end of the **PISTON** into the center of the base until it is secure, then remove the **PISTON'S PROTECTIVE CAP**.

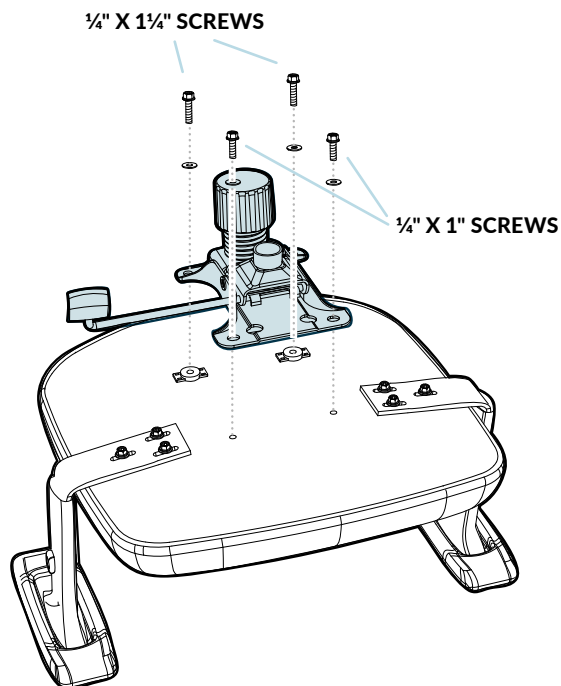

NOTE: Remove the **PROTECTIVE CAP** from the smaller end of the **PISTON**. Once the piston is installed, the cap is no longer needed and should be discarded.

3

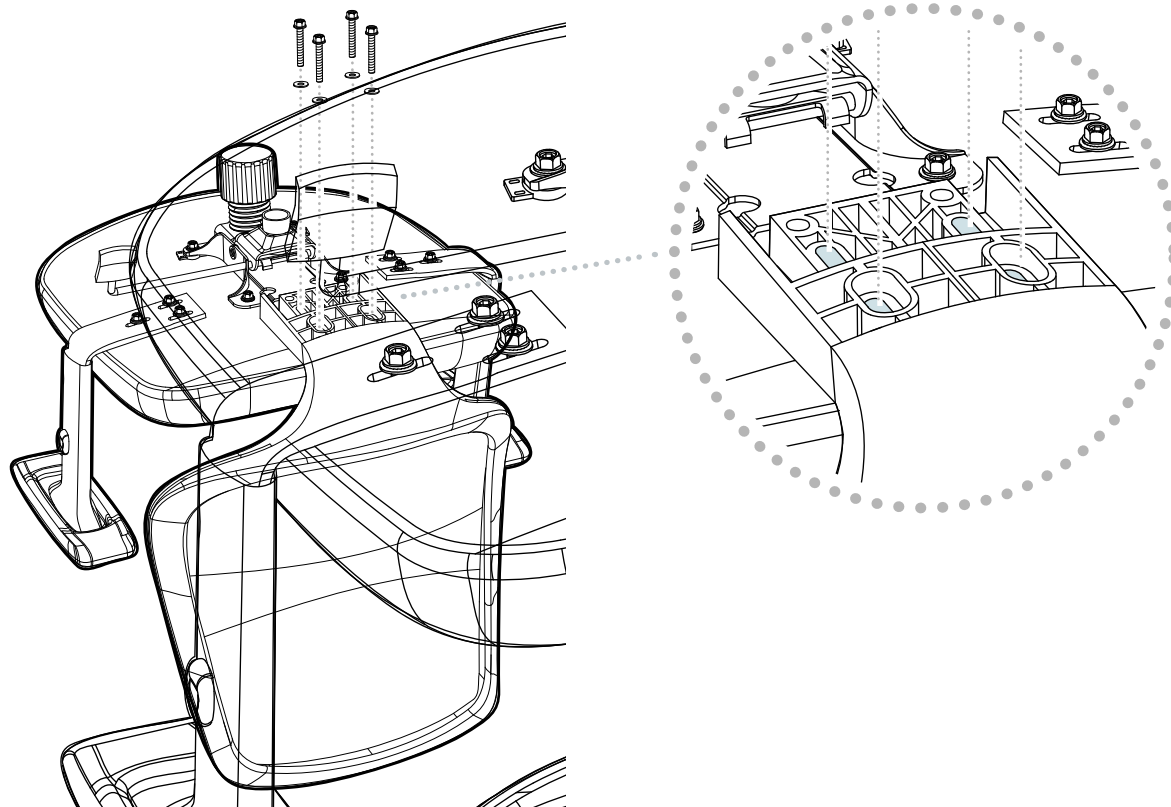

With the **SEAT PAN** upside down, align the **ARMREST** holes with the seat pan, ensuring the **L** and **R** marks match. Place **SIX (6) 16MM X 6.5MM X 1MM WASHERS** onto **SIX (6) 1/4" X 1" SCREWS**, forming six (6) sets. Insert the screw into the mounting holes and secure them in place using the included **5MM ALLEN KEY**.

4

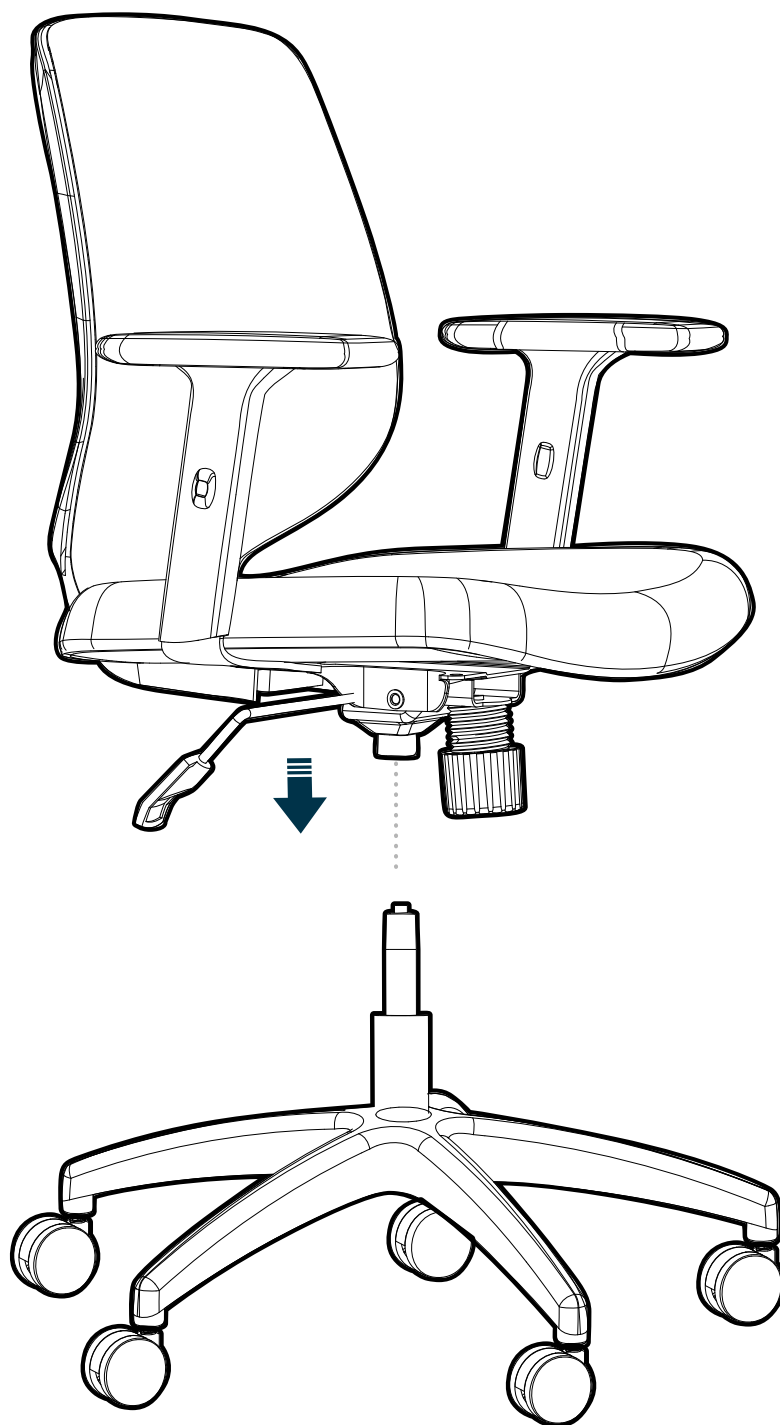

Line up the mounting holes to connect the assembled **MECHANISM** to the seat. Place **two (2) 16MM X 6.5MM X 1MM WASHERS** onto **two (2) 1/4" X 1 1/4" SCREWS** and insert them into the **front** mounting holes of the mechanism. Place **two (2) 16MM X 6.5MM X 1MM WASHERS** onto **two (2) 1/4" X 1" SCREWS** and insert them into the **rear** mounting holes of the mechanism. Tighten all screw sets securely using the included **ALLEN KEY**.

5

Secure the **CHAIR BACK** to the **SEAT PAN** by placing **four (4) 16MM X 6.5MM X 1MM WASHERS** onto **four (4) 1/4" X 1 3/4" SCREWS** and insert them into the mounting holes shown. Tighten the screw sets securely using the included **ALLEN KEY**.

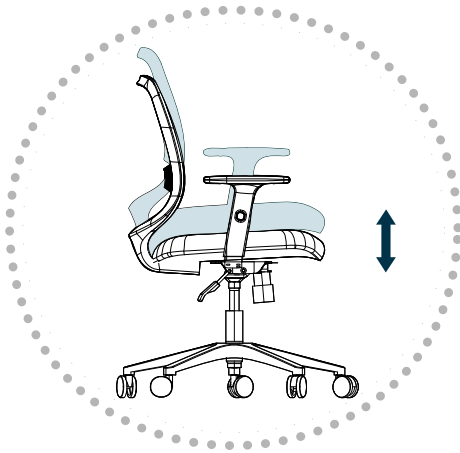

6

With assistance, carefully lower the chair seat onto the **PISTON**. Press down evenly on the seat cushion a few times to ensure it's fully secured.

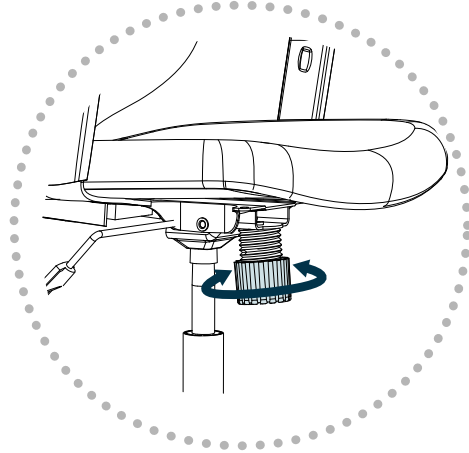

CAUTION: Once assembled, do not attempt to disassemble the chair, as doing so could damage the product.

Adjustment Options

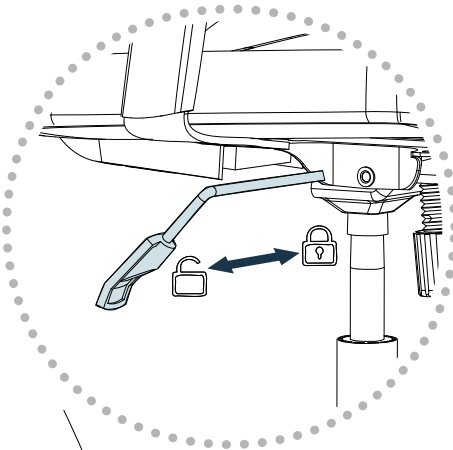

SEAT HEIGHT ADJUSTMENT

To adjust seat height, lift the lever under the right side of the chair seat. Release the lever to lock the seat height in place.

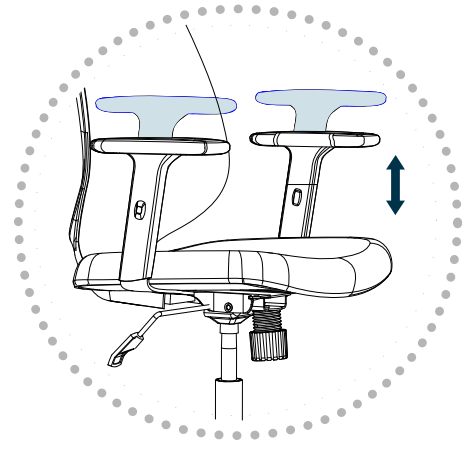

CHAIR BACK TILT ADJUSTMENT

To adjust how easily the backrest reclines, turn the knob clockwise to increase tension and counterclockwise to decrease tension.

CHAIR BACK RECLINE LOCK & UNLOCK

To unlock and recline the chair back, pull the right-side lever outward. Push the lever inward to lock the chair back in place.

ARMREST HEIGHT ADJUSTMENT

To adjust the arm height, press and hold button on the outside of the arms. Lift or lower the arms and release the button once at the desired height.

WARNING: To prevent injuries and product failure, do not use this chair for standing, climbing, or leaning. Do not use if the chair is damaged or incorrectly assembled.
