**1**

Locate the pre-drilled holes on the underside of the table top and align the modesty panel hinges with those holes.

**2**

Attach the modesty panel hinges to the underside of the table top using the provided hex screws and Allen key. With the panel secured, the table can be flipped over; the panel should hang and swing freely.

Refer to the Flip Top Training Table instruction sheets for assembling a table, flipping a single table, and/or linking, storing, and nesting multiple tables.
