

Align Office Chair

vari®

All-Day Ergonomic Comfort

Designed to support the way you work, this modern task chair delivers personalized comfort with ergonomic adjustability, breathable materials, and a streamlined profile that fits any workspace.

Versatile Design

From home offices to hybrid and corporate spaces, this sleek task chair offers flexible adjustments, all-day comfort, and a clean, contemporary design that works wherever you do.

PRODUCT FEATURES

- **Modern, Ergonomic Design** – Follows the natural curvature of the spine to support healthy posture with a clean, contemporary look.
- **Integrated Arched Headrest** – Provides continuous neck and head support that moves naturally with you throughout the day.
- **Adjustable Lumbar Support** – Fine-tune lower back support for personalized comfort and proper alignment.
- **Breathable Mesh Back & Fabric Seat** – Promotes airflow to keep you cool while delivering soft, durable support for all-day use.
- **Neutral Color Options** – Available in a black frame with dark grey seat or white frame with light grey seat to complement any workspace style.
- **Soft-Roll Caster Wheels** – Glide smoothly across both hard and soft flooring surfaces.
- **250 lb. Weight Capacity** – Built to comfortably support a wide range of users for everyday use.
- **Tested for Durability** – Tested to BIFMA X5.1-2017 and meets or exceeds BIFMA durability standards for office furniture.
- **Award-Winning Design** – Recipient of the Red Dot Design Award for exceptional design quality.
