

One-Person Privacy Booth

vari®

The Vari Privacy Booth

An oasis. The Privacy Booth is an individual workspace designed to add privacy to bustling environments without sacrificing comfort. It provides a quiet, comfortable space for calls, meetings, and heads down focus.

Suitable for any type of floor plan, Privacy Booths are used in offices, universities, libraries, apartment buildings, warehouses, and beyond. Made in the USA with incredible attention to detail, audio engineering, and comfort.

Privacy Booths are designed to be the industry-leader in sustainability, comfort, and durability.

Sustainable

Sustainably designed with eco-friendly wood, removable acoustic panels and an occupancy sensor to conserve energy.

Quick Assembly

The assembly of each Privacy Booth is minimal and takes less than an hour with two people using only an Allen wrench.

High Quality Materials

Made in the USA with a durable steel frame, shatterproof door, and UL listed lighting and electrical components.

Code + Compliance

Privacy Booths align with building and local regulations without expensive modifications.

Total Cost Of Ownership

Privacy Booths are built to last and offer features that allow the booth to adapt to any space without additional expense.

Made In America

Assembled in the USA for quality, quick delivery and materials carefully sourced.

Standard features

01 Active Ventilation

Four fans work together to refresh the air in the booth once per minute, providing significantly better ventilation than other privacy booths.

02 LED Lighting

Motion activated LED lights help to conserve energy and create a well-lit environment for video conferencing and focused work.

03 Removable Acoustic Panels

Removable and cleanable acoustic panels maximize sound absorption and acoustic performance.

04 Power + Connectivity

USB A+C ports, outlets and an ethernet port ensure you can connect all your devices at one time.

05 Height Adjustable Desk

The desk can be set at three different heights, making it easy to work from a chair, a stool, or while standing.

06 Fire Suppression

Simply unscrew the sprinkler cap to install the sprinkler piping through a pre-drilled hole in the ceiling.

07 Seismic Anchors

Anchor your booth to the floor with the Privacy Booth's standard glides which can easily be bolted to the ground.

08 Magnetic Door Seal

The thick acrylic door with a tight seal keeps your conversation in and exterior noise out.

Custom features

Castors

Lockable casters provide an easy way to move booths around your office or facility, maximizing flexibility as your privacy needs evolve.
