

Performance Task Chair

vari®

Designed with a human-centered approach, the Performance Task Chair offers all-day comfort. The breathable mesh seat back provides lumbar and spine support. With adjustable height, counter-weighted tilt mechanism, and armrests that can be adjusted in four independent positions this chair helps provide optimal seating posture. It also features a molded seat cushion with cooling gel and memory foam to keep you cool and comfortable throughout your day.

- Breathable Mesh Lumbar and Back Support System
- Molded Seat Cushion with Cooling Gel and Memory Foam
- Adjust Armrest Height, Width, Angle, and Position
- Counter-Weighted Tilt for Smooth, Balanced Recline
- Hard Casters Glide on Carpeted or Wood Floors
- Supports up to 275 lb
- Tested to BIFMA X5.1-2017 and Meets or Exceeds Bifma's Durability Standards For Office Furniture
