## Designed to Move With You

The Studio Drafting Chair brings modern aesthetics and ergonomic function together in one seamless form. Its contoured design, one-piece breathable mesh seat and back, and built-in center-tilt mechanism deliver effortless comfort that keeps up with your workday.

## Product Highlights

- **Contoured Design** – Streamlined silhouette with an all-in-one mesh seat and back for a clean, modern look.
- **Supportive All-Day Movement** – The center-tilt mechanism allows the seat and back to move as one, maintaining posture support from upright to recline.
- **Ergonomic Support** – Designed to promote ideal alignment and all-day comfort for hours of seated work.
- **Breathable Mesh** – One-piece seat and backrest material enhances airflow to keep you cool while working or playing.
- **Minimal Assembly** – Designed for quick, tool-free setup so you can get to work faster.
- **Multi-Surface Casters** – Smooth-rolling casters designed for carpet, hardwood, and concrete floors.
- **(Drafting Chair) Aluminum Footrest** – Adds a premium touch and supportive rest for your feet
- **Weight Capacity** – Up to 250 lb.
- **Durability** – Tested to BIFMA X5.1-2017 and meets or exceeds BIFMA's durability standards for office furniture.
